IN RE: TRAFFIC CALMING – DEVONWOOD DRIVE

Dear Devonwood Drive Resident,

The Township of Upper St. Clair is considering traffic calming measures be implemented on Devonwood Drive. A public meeting was held on September 14th, 2026 to discuss the proposed improvements with the Township's Traffic Engineer and receive feedback from residents.

As a follow-up to that meeting, the Township is conducting a survey of Devonwood Drive households to determine the level of support for the proposed traffic calming plan. For the Township to move forward with implementation of the proposal, favorable responses must be received from greater than 60% of Devonwood households and households with frontage on Devonwood Drive, sixteen (16) households. **Surveys are due by October 1, 2026**

Enclosed is both a paper survey and a QR code for an online survey. Please only choose one method of responding, instructions for each are below. **Please remember that only one survey response will be counted per household and both name and address must be filled out for the response to count towards Devonwood Drive's response total.**

1. If choosing the QR code option, scan the QR code to be taken to the Google Form. If troubles arise with scanning, you can type the URL included on the QR code into a search browser to reach the form.
2. If choosing the paper survey option, please legibly fill out your answers and return them to us in person or by mail. Surveys can be mailed to the address below or brought to the Community Development office.

**Township of Upper St. Clair
Community Development
1820 McLaughlin Run Road
Upper St. Clair, PA 15241**

Your participation is greatly appreciated. If you have any questions do not hesitate to contact the office at 412.831.9000 or email me at benigni@twpusc.org.

Sincerely,

Adam A. Benigni, AICP

Director of Planning and Community Development
